### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Stephen Ackerman (Reg. No. 37,761) on October 2, 2006.

The application has been amended as follows:

- a. In claim 13, change the phrase, "method of claim 7" to -- **method of claim 12** --.
  - b. In claim 21, change the phrase, "method of claim 15" to -- **method of claim 20** --.
2. Claims 1-30 are allowed.
3. The following is an examiner's statement of reasons for allowance: the examiner is unaware of any prior art which suggests an active pixel sensor or its method of operation with each pixel being formed in a silicon substrate of a first conductivity type and having a deep well of a second conductivity type formed within the substrate and has a high concentration region of the first conductivity type within it such that the depth of the deep well is at the hole electron pair generation depth for red light in silicon while a number of wells of a first conductivity type are formed within the deep well with each

of these wells having a high concentration region of the second conductivity type within them while these wells extend to the hole electron pair generation depth for green light in silicon.

4. Schneider et al. (USPN 6,130,466) discloses a semiconductor two-color detector device. However this is accomplished by combining a photodiode and a quantum well photodetector in a heterostructure. Therefore Schneider does not teach the applicant's invention.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
